OCC Online offers over 200 online courses that can be taken as part of a degree program or by themselves, depending on the student's needs. Courses are available in 15, 10, 7.5, 5, and 3-week terms throughout the year. Online programs, certificates, and courses follow the same academic rigor as traditional face-to-face courses, utilizing the same learning objectives and employing a variety of student-centered learning methodologies. Students are able to complete coursework according to their life demands. They are never required to come to campus and are not required to be "online" during a specific day or time. Online course syllabi inform students of required assignments and due dates. Online students should check the bookstore for required books and materials for their online classes. Lab kits for science courses should be ordered as early as possible, preferably before the term begins. All online courses are subject to exam proctoring, which requires students to have a working webcam and microphone.

OCC Online provides 24/7 support to all students, as well as online tutoring in a variety of subjects to facilitate student success. Online courses are designated by the section name "DL" which stands for Distance Learning. These can be viewed on WebAdvisor or in Student Planning. Students registered for online courses may access them through OCC's Portal: Ocean Connect by clicking on "My Courses." For more information about online degrees, certificates, and courses, please contact an Enrollment Specialist at 732-255-0400, ext. 2960 or on the College's website at <https://www.ocean.edu/programs-and-courses/online-learning/>.
