### Additional Graduation Requirements

1. Required courses in all programs of study are as stipulated in the catalog at the time the student matriculates in a degree program as long as the student is continuously enrolled.
2. A student must have earned at least 30 semester hours of credit at Ocean County College.
3. Ocean County College officially graduates students in January, and confers degrees three times per year: January, May and August. We will still have only one Commencement Ceremony in May, and all applicants for that academic year are eligible to participate. For

example, students who graduate in January are eligible to participate in the Commencement Ceremony the following May.

4. Students are required to follow the curriculum as outlined in the catalog at the time of matriculation (degree status). If the student skips a year (a consecutive fall and spring semester), the catalog at the time of reactivation is in effect. The option does exist to update to a more current catalog. If a student changes his/her curriculum, the current catalog at that time is in effect.
5. Students must file a free graduation application at the Cashier's Office. Applications are available in the Registration and Records office. The application deadlines are posted on our website.

### **Notes**

1. ENGL 091, ENGL 095, ENGL 098, and MATH 023 cannot be used to satisfy degree requirements.
2. It is strongly recommended that writing courses be taken in sequence. For example, ENGL 151 should be taken immediately after completion of ENGL 095.
